

I am petitioning to keep Airl, the positive alternative, on the local Louisville air waves; because that is exactly what it is. A positive alternative. As a resident of this community, I know what an amazing impact this station has on our city. Revoking its station would be depleting an amazing outlet for music, ministry and outreach. Louisville and the surrounding areas are blessed, thankful and whole-heartedly behind Airl and hope you will see this reponse from around the world. It's rare to encounter a media, of any kind, that really makes a difference in lives, not just ratings. Please, on behalf of Louisvillians and Airl supporters everywhere, don't discontinue Airl's local service. Thank you for your time.
